POSTGRADUATE DIPLOMA IN SPIRITUAL DIRECTORSHIP

General Course Information

This is a program in two parts.

1) Ongoing professional development in the attainment of a postgraduate qualification as a Spiritual Director. A Spiritual Director is someone who directs a person or group's spiritual evolution, thereby accelerating his or her awakening. The Spiritual Director provides a paradigm of total life change, for she is the living example of all that she teaches and shares.

Part advisor, part teacher, part mentor, and part inspirer, the Spiritual Director is 100% soul shaker leading people to live a soul-centric life.

2) Profound business acceleration through intensive mentoring to magnify your service and increase your power to serve.

This is for the woman who wants to create a movement of awakening consciousness.

General Course Information

Whether you intend to work one on one or one to many, you will be equipped with the spiritual, business and personal development tools to direct others to create seismic change, and to serve at the most profound level.

"If there is a single factor that makes spiritual direction effective as a change agent for the soul, it is this: spiritual direction helps us to see ourselves as God sees us."

-Gary Moon

Who is this Qualification for?

The training is for the graduate of the Third Level who desires to do two things...

1) To continue to deepen into her own mysticism, and increase her skills in spiritual guidance by attaining a postgraduate qualification as a Spiritual Director.

2) To scale her sacred service to reach as many people as possible.

As such, It is expected that you will be growing your own business throughout this program, and working actively with clients or students.

This is the program to be part of if you want to move from being solely a one to one practitioner, and instead/also want to establish yourself as an expert and leader in your field.

In the future all people will seek out a Spiritual Director, not a coach or a therapist or someone to organize the illusion...

This program is for you if you desire to be supported practically, spiritually and professionally:

- As part of an incredible group of spiritual entrepreneurs, with one to one hotseats, and monthly group business development mentoring led by Laura Elkaslassy, Institute CFO

 - To commit even more deeply to your relationship with God through a specifically curated spiritual development program
 - To develop your skill as a sacred leader
 - To attain masterful transpersonal skills including working with mapping, ritual, story telling, and connecting with archetypes and archetypal patterns for your clients and students.

The Mystic: Retreat

Entry to this program is by interview. Interviews open 4 months before the program commences. The program is offered every 18 months. Places are limited to 10 students.

"The mystic's time has come again. The second great mystical renaissance has been brewing for decades, as we've been asking the questions that bring the divine into direct contact with our souls: 'For what purpose have I been born?' and 'What is my spiritual path?' and 'How can I receive clear guidance?' These are not ordinary questions. They are spiritual invocations, invitations for God to come closer. And when God hears them, God does exactly that."

Caroline Myss

A group of women are laughing and dancing in a tropical setting. The woman in the center is wearing a black patterned dress with a green tassel necklace and has her mouth wide open in a joyful expression. She is surrounded by other women in various styles of dresses, some with floral patterns and others with polka dots. The background is filled with lush green foliage and palm trees. A solid yellow horizontal bar is positioned above the text.
